### SCOPE

This policy addresses how Oakleigh Primary School and Kindergarten aims to prevent, address and respond to student bullying behaviour. Oakleigh Primary School and Kindergarten recognises that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with our Student Wellbeing and Engagement Policy and Inclusion and Diversity Policy.

This policy applies to all school activities, including camps and excursions.

## POLICY

### Definitions

#### **Bullying**

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

*Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.*

*Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)*

*Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.*

Bullying has three main features:

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

Bullying can be:

1. *direct* physical bullying – e.g. hitting, tripping, and pushing or damaging property.
2. *direct* verbal bullying – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
3. *indirect* bullying – e.g. spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

*Cyberbullying* is direct or indirect bullying behaviours using digital technology. For example via a mobile device, computers, chat rooms, email, social media, etc. It can be verbal, written and include images, video and/or audio.

#### **Other distressing and inappropriate behaviours**

Many distressing and inappropriate behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing and inappropriate behaviours should report their concerns to school staff and our school will follow the Student Wellbeing and Engagement Policy.

*Mutual conflict* involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

*Social rejection or dislike* is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

*Single-episode acts* of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Oakleigh Primary School and Kindergarten will use its Student Wellbeing and Engagement Policy to guide a response to single episodes of nastiness or physical aggression.

*Harassment* is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment. Further information about these two forms of harassment, including definitions, is set out in our Inclusion and Diversity Policy. Harassment of any kind will not be tolerated at Oakleigh Primary School and Kindergarten and may have serious consequences for students engaging in this behaviour. Oakleigh Primary School and Kindergarten will use its Student Wellbeing and Engagement Policy to guide a response to students demonstrating harassing behaviour, unless the behaviour also constitutes bullying, in which case the behaviour will be managed in accordance with this Bullying Prevention Policy.

## BULLYING PREVENTION

Oakleigh Primary School and Kindergarten has a number of programs and strategies in place to build a positive and inclusive school culture. We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness and respect.

Bullying prevention at Oakleigh Primary School and Kindergarten is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effective way to prevent and address bullying. At our school:

- We have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing.
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- Teachers are encouraged to incorporate classroom management strategies that discourage bullying and promote positive behaviour.
- A range of year level incursions and programs are planned for each year to raise awareness about bullying and its impacts, as well as cyber safety and cyber bullying.
- In the classroom, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving. Teachers draw on a range of resources and Programs including Bounce Back, and Respectful Relationships (from 2022)
- Students are encouraged to look out for each other and to talk to teachers about any bullying they have experienced or witnessed. They are encouraged to be up-standers not by-standers, and that reporting is not dobbing.
- Staff actively promote the school values of PERMA (Positive Education, Engagement, Relationships, Meaning and Accomplishment) and explicitly focus on character strengths in social and learning settings.
- In the Yard students are encouraged to Be Safe, Be Fair, Be Kind.

For further information about our engagement and wellbeing initiatives, please see our Student Wellbeing and Engagement policy.

## INCIDENT RESPONSE

### Reporting concerns to Oakleigh Primary School and Kindergarten

Bullying complaints will be taken seriously and responded to sensitively at our school.

Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Oakleigh Primary School and Kindergarten are timely and appropriate in the circumstances.

In most circumstances we encourage students to speak to their classroom teacher or yard duty teacher when relevant and in real time. However, students are welcome to discuss their concerns with any trusted member of staff including teachers, education support staff or Principal Class.

Parents or carers who develop concerns that their child is involved in, or has witnessed bullying behaviour at Oakleigh Primary School and Kindergarten should contact their child's classroom teacher, the Principal, Michele Nolan, or the Assistant Principal/Welfare Coordinator, Bronwyn Orr, by phone on 9568 0558 or via email at [Michele.Nolan@education.vic.gov.au](mailto:Michele.Nolan@education.vic.gov.au) or [Bronwyn.Orr@education.vic.gov.au](mailto:Bronwyn.Orr@education.vic.gov.au)

### Investigations

When notified of alleged bullying behaviour, school staff are required to:

- record the details of the allegations in Compass Chronicle where all posted incidences and wellbeing concerns send an automatic generated email to inform Principal Class. Relevant class teachers should also be included in notification chain.
- The Classroom teacher and/or member of the Principal Class is responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, the class teacher and/or member of the Principal Class may:
  - speak to the those involved in the allegations, including the target/s, the students allegedly engaging in bullying behaviour/s and any witnesses to the incidents
  - speak to the parents of the students involved
  - speak to the teachers of the students involved
  - take detailed notes of all discussions for future reference
  - obtain written statements from all or any of the above - students involved may be asked to complete a written Think (Reflection) Sheet.

All communications with the Classroom Teacher and/or member of the Principal Class in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

## Responses to bullying behaviours

When the classroom teacher and/or member of the Principal class has sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Oakleigh Primary School and Kindergarten will consider:

- the age and maturity of the students involved
- the severity and frequency of the bullying, and the impact it has had on the target student
- whether the student/s engaging in bullying behaviour have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the students engaging in bullying behaviour demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour, including any element of provocation.

The class teacher, Assistant Principal or Principal may implement all, or some of the following responses to bullying behaviours:

- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied.
- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Safety /Behaviour Support Plan restricting contact between target and students engaging in bullying behaviour, and which may identify a student or group of students who is/are likely to be supportive of the target(s).
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary. This may include withdrawal from the yard where necessary and/or to play in a nominated/restricted supervised environment.
- Discuss and offer counselling support to the target student or students, including referral to Student Support Services or an external provider.
- Discuss and offer counselling support for any students engaging in bullying behaviour including referral to Student Support Services or an external provider.
- Discuss and offer or recommend counselling support to affected students, including witnesses and/or friends of the target student including referral to Student Support Services or an external provider.
- Appointing a Check In Check Out Mentor with a member of staff who is not the class teacher, to provide support for the target of the bullying/perpetrator.
- Implement targeted strategies to reinforce positive behaviours across the year group (may be gender groups).
- Implement disciplinary consequences for the students engaging in bullying behaviour, which may include removal of privileges, detention, suspension and/or expulsion consistent with our Student Wellbeing and Engagement policy, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy.

Oakleigh Primary School and Kindergarten understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.

All involved members of staff are responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.
